

Wedding on the Beach

Handbook

Irish Beach Improvement Club

PO Box 237

Manchester, CA 95459

Thank you for inquiring about having your wedding on the beach in Irish Beach. The beach is public, however, the road down to the beach, the parking lot and refuse receptacles belong to the Irish Beach Improvement Club.

There is a refundable deposit required to cover any trash that may be left behind after the ceremony. Your deposit will be refunded in total if all trash is removed and carried away with you.

The only other issues are timing the access for your guests through the beach gate and parking on the beach. There is no parking at or near the beach gate entrance near the highway so we suggest carpooling from the rental houses to eliminate overcrowding in the parking lot.

The sliding-scale deposit is as follows:

| | |
|-----------------|-------|
| 1 - 40 people | \$100 |
| 41 - 80 people | \$150 |
| 81 - 120 people | \$175 |
| 121 and above | \$200 |

The deposit is due two weeks before the wedding date. If you leave the area the way you found it by *removing all trash from the beach and parking lot* that may have been generated by the wedding party, you will receive a full refund within the week following the wedding day. Please do not use our receptacles.

We wish you a blessed day and fair weather.
